FOREWORD

Early in the 1970's, I became interested in the history of Pulaski County and its people. My ancestors, the Fulghums and the Partins had arrived early just after the county was formed. Michajah Fulghum and his wife, Rachel Taylor, located in Pulaski County around 1807. Cool Spring Baptist Church's minutes show that Fulghum met as Moderator for Ebenezer Baptist Association at Cool Spring Baptist Church, Danville, Wilkinson County, Georgia. This church today is located near the old Pulaski and Twiggs County line. Most of the Fulghum pioneers moved west, but some of their descendants, the Taylors, remained behind. Many of these family members achieved fame and fortune. For example, the R.J. Taylor family that located in Macon, Georgia, had as its goal the promoting and preserving of history. Today, this work is carried on by the R.J. Taylor Foundation. Probably, Mrs. Kathaleen Dewitt Taylor's family did more to preserve the history of her ancestors by donating her personal papers to the Genealogy Department of the Washington Memorial Library in Macon, Georgia. Her works not only included the history of the Taylors, but also these remnants contained many historical references to the early settlers of Pulaski County.

The Partin Family of Laurens County came later. They were connected with the Thompson and the Way families of the old Pulaski County. The Partin Brothers operated the first ferry on the Ocmulgee River and some of their descendants are buried at Orange Hill Cemetery.

A little history relating to Orange Hill Cemetery revealed that the name Orange came from the Mock Orange trees, which originally consisted of a grove of these types of trees. The tree is prickly and has green shaped balls resembling oranges. The cemetery was originally called Orange Grove and over a period of time the name was changed to Orange Hill Cemetery. Judge J.J. Sparrow, William Oliver, Norman McDuffie, Gen. O.C. Horne, and Capt. William Taylor are the five gentlemen who donated the ground now know as Orange Hill Cemetery to Town Council. Buried there [ref. Hawkinsville Dispatch Vol. 7, #9, Thursday morning, 27 Feb. 1873] are William Oliver in 1871, Norman McDuffie in 1872, and J.J. Sparrow in 1873. The two donors that yet survived are Gen. O.C. Horne and Capt. William Taylor. Compilers Notes: Gen. O.C. Horne was buried Friday morning the 13th of Oct. 1882, at Orange Grove, now Orange Hill Cemetery. Capt. William Taylor died on Wed. morning the 26th May 1886, and he is also buried in Orange Hill Cemetery.

Years ago when I made the original survey of this cemetery, it had tall Cedar trees and dirt path separating the various parts of this cemetery. Last year [1992] when I made the update, I thought I was in a different cemetery. The tall Ceder trees with hanging moss and red bugs are gone, and to my woes, some of the roads have been closed. To my astonishment, people are buried in the closed roads. You can imagine what this did to the original survey. Finally, I have arrived with what I hope is a complete listing of those people, our honorable ancestors. It is my hope that this survey will help someone find his or her missing ancestors.

INTRODUCTION

On behalf of the Central Georgia Genealogical Society and it's Publication Committee, I wish to express our gratitude and appreciation to our member, Mr. Robert K. Noble, of Rochelle, Georgia for his contribution of reading and preparing abstractions of the tombstones of Orange Hill Cemetery, Hawkinsville, Georgia. Mr. Nobles' first reading of the cemetery was approximately 20 years ago and when he went back to update his work he was astonished to find graves where streets were before. What he thought would be a simple job took all his school vacation time during the summer of 1992. He is to be commended for all his time and effort.

Mr. Nobles made a hand sketch of the cemetery, assigned section letters and then defined his reading within these sections. A map of the cemetery was obtained which had been prepared in 1988 by the Heart of Georgia, Planning & Development Commission, Eastman, GA. This map was apparently redrawn from an old map for there is little resemblance to the present layout of the cemetery. For example the map shows streets by name where no street exist. It also shows a cluster of lots by number within a numbered section. Within the cemetery there is no identification of sections, lots, or streets that would correspond with the 1988 map. Mr. James Turnipseed, Jr., and I made several trips to the cemetery. We decided to draw a facsimile of the 1988 map and overlay the section letters that Mr. Nobles used. This would group those graves in what were once streets to an identifiable section. Within Section A, Mr. Nobles started at the southeast corner and read counterclockwise. Within Section E & G he started at southeast corner and read every grave from south to north. To read other sections we suggest finding the corner where he started and sense the direction he took to find the grave you seek.

Mr. Turnipseed read Mr. Nobles hand written notes (some two inches thick) and did the computer typing and indexing and I did the computer printing and development of the map. I wish to thank Mr. Turnipseed for all his time and effort in deciphering the original listing with all the red ink changes from Mr. Nobles second reading.

Last but not least, we wish to thank the trustees of the R.J. TAYLOR, Jr., Foundation, who awarded our society a grant to assist in the various non-labor cost of compiling this publication and the printers cost. The Foundation also absorbed the expense for printing some thirty-four additional copies which will be distributed to various libraries within the United States.

CENTRAL GEORGIA GENEALOGICAL SOCIETY, INC.
POST OFFICE BOX 2024
WARNER ROBINS, GEORGIA 31099-2024

Non-Profit
Tax Exempt
Org. GA

ORGANIZATION: The CENTRAL GEORGIA GENEALOGICAL SOCIETY, Inc. was organized in October 1978 by James T. Martin of Warner Robins, Georgia. In February 1981 the Society was incorporated as a non-profit organization under the law of the State of Georgia. The U.S. Internal Revenue Service has determined that the society is a tax-exemption organization under Section 501(c)(3), U.S. Internal Revenue Code of 1954. The Society is governed by a Board of Directors consisting of the elected and appointed officers and six elected Directors.

AREA: The Society's geographical area of primary interest consists of twenty-seven contiguous counties located in central Georgia. They are: BALDWIN, BIBB, BLECKLEY, CRAWFORD, CRISP, DODGE, DOOLY, HOUSTON, JOHNSON, JONES, LAMAR, LAURENS, MACON, MONROE, MONTGOMERY, PEACH, PIKE, PULASKI, TAYLOR, TELFAIR, TREUTLEN, TWIGGS, UPSON, WASHINGTON, WHEELER, WILCOX and WILKINSON.

PURPOSE: The purposes for which the corporation is organized are:

To collect, preserve and disseminate knowledge and information with reference to genealogical and related historical, biographical and heraldic data;

To inculcate and promote interest in research in these fields;

To stimulate and provide instruction in the use of efficient methods and the adherence to principles of accuracy and thoroughness in research;

To champion ethical standards and to discourage and oppose incompetent and disreputable practices or researchers;

To foster careful documentation and otherwise promote scholarly writing;

To issue publications, and

To promote the collection and the preservation of local records which are of genealogical or historical value.

MEMBERSHIP: Membership in the Society is open to any person interested in promoting the objectives stated above. Annual dues for 1993 are: $20.00 for individual membership; $25.00 for family membership (husband and wife, or two related persons in same household).

TRAINING: At least twice each year the Society conducts classes for beginner genealogists. These classes are free for members in good standing.

WORKSHOP: The Society plans to hold an all day workshop once each year, complete with exhibits, for members and the public. The registration fee will be set to cover the Society's cost and may vary from year to year, depending upon prices charged for food, meeting facilities, speaker fees, etc.

PROJECTS: The Society undertakes special projects for preservation of genealogical and historical information, such as: microfilming old newspapers, abstracting and publishing county court records, federal census records, cemetery records, etc.

PUBLICATIONS: The Society publishes a monthly NEWSLETTER and a QUARTERLY. The QUARTERLY is published four times per year as number 1 through 4 and is mailed to all members in good standing. The annual volume number represents the years in existence. Many other societies, who are members, receive our QUARTERLY. QUERIES, from members only, are published in the QUARTERLY free of charge. There is no limit as to the number of queries which a member may submit. BOOK REVIEWS are published when a copy of the book has been received by the Society. After review these books are donated to the Genealogical and Historical

Room, Washington Memorial Library, Macon, GA., whose holdings are one of the largest in the southeast. Members are encourage to submit ARTICLES FOR PUBLICATION in the QUARTERLY, and extra long articles may be serialized. The QUARTERLY is not copyrighted and anyone is welcome to make proper use of the contents; however, the use of articles quoted from other published sources is prohibited without permission from the copyright holder. Appropriate credit will be appreciated. The QUARTERLY is not sold by subscription. Current and back issues may be purchased from the Society when available. The Society welcomes the opportunity to publish FAMILY PEDIGREE CHARTS for members. Minimum coverage of four generations is required. Our computer designed charts provided for as much information on the fifth generation as the second, third and fourth - most charts provide much less. Give us as much complete information as possible on available forms and separate paper.

MEETINGS: The Society holds regular monthly meetings with planned programs. These meetings are currently held at the Flint Electric Building, 1600 Elberta Road, Warner Robins, Georgia at 7pm on the third Thursday of each month. In addition to the program, time permitting, a question and answer session is usually conducted for the benefit of members who have a problem with their research, or who has found a better way for accomplishing their work. Visitors and guest are always welcome to attend regular meetings of the Society. Our current membership covers many states and we invite you to join our Society. For a membership application write to the Corresponding Secretary at address shown in the heading above or call (912) 953-3114.
